Essence™

Bravura™

Meritage™

EXCLUSIVE TO X-STREAMLINE™ Interaction Stations

Our basic modular series is designed for schools; combining colorful interactive, removable counter fronts making remodeling easy and affordable. Available in six standard sizes, the X-Streamline™ Series utilizes the highest quality components while providing a superb value.

- 6 standard sizes available
- Hot & Cold Counters
- Utility Counters
- Cashier Counters
- Beverage Counters
- Tray Stands
- Milk Coolers & more!
- Cold wells flush mounted and NSF approved
- Energy saving, 500-Watt hot wells maximizes efficiency
- Double-sided graphic panel options available
- Temp-Ensure™ Wireless Temperature Sensor and Hot Well Controller

Taller and wider food shield allows for optimum merchandising

Hot wells are surrounded by a 3/4" recess to accommodate 18" x 26" bun pans

500-watt (208 Volt / 1 phase) energy-efficient hot wells allows the user to utilize more hot wells while using fewer amps

Temp-Ensure™ Wireless Sensor & Hot Food Well Controllers

Easy-to-clean, 1/4" tempered glass food shields eliminate scratching and cloudiness

X-Stream duty adjustable stainless steel tray slide brackets

Heavy-duty, 14-gauge stainless steel countertops standard

Easily removable panel provides full access for service

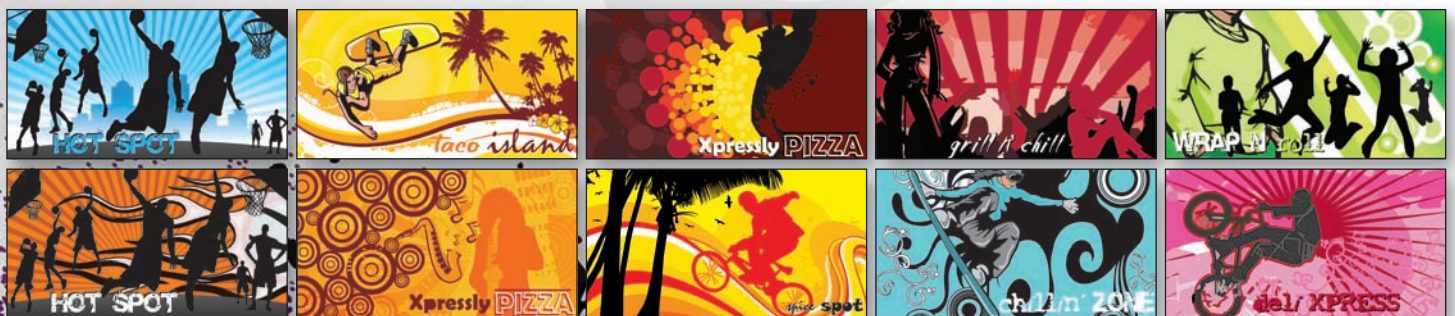

5" heavy-duty casters with brakes standard

Action X-Pressed

- Interchangeable colorful, interactive front panel design graphics demonstrating images of activity to promote health & wellness or standard laminate
- 88 graphic options available or customize with your own artwork

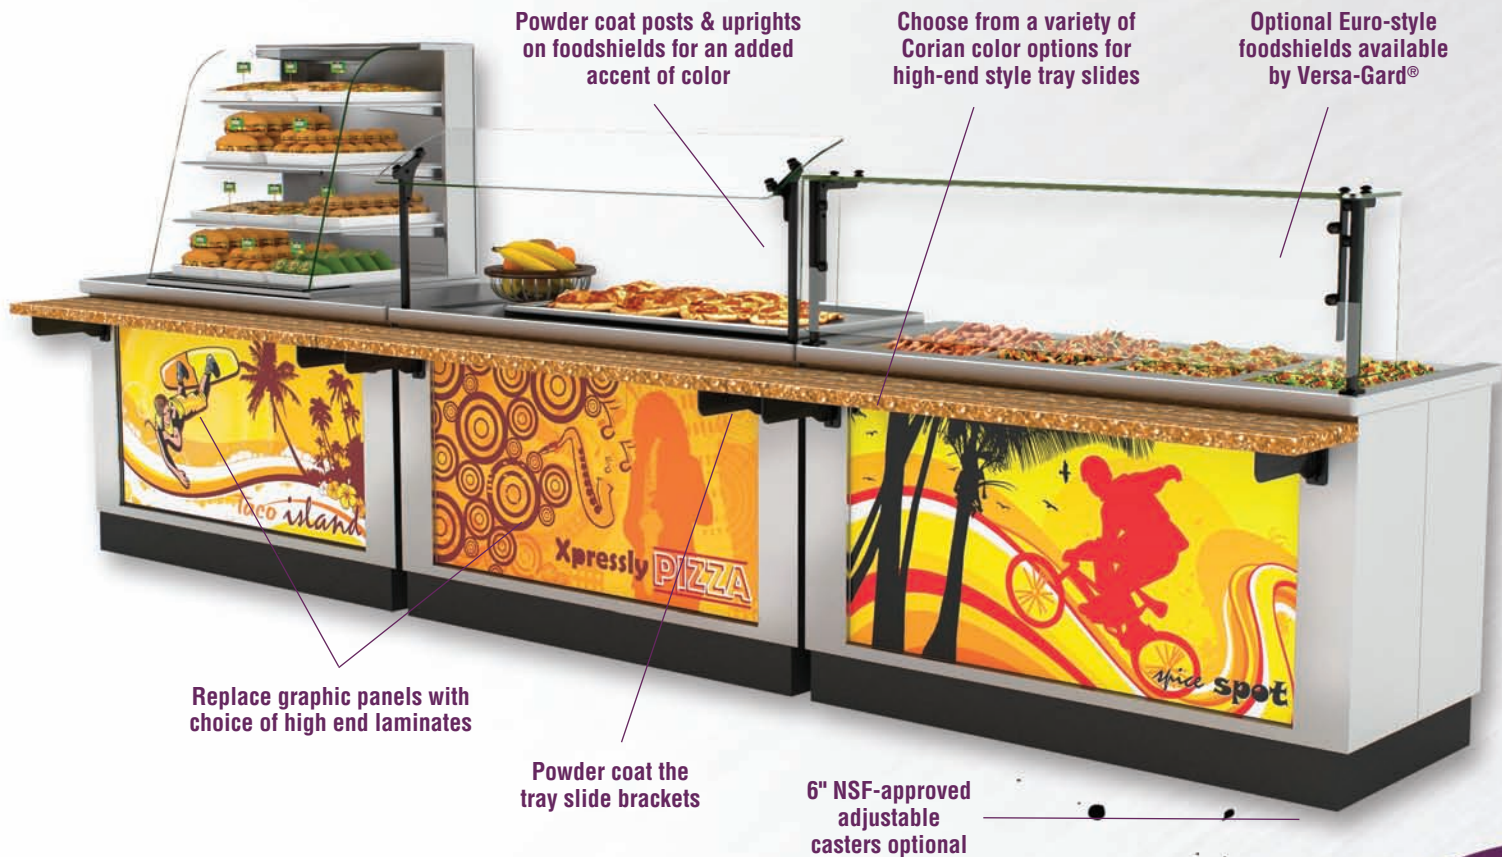

ALL STAINLESS STEEL FINISH
MODELS AVAILABLE

Create a Custom Dining Experience Utilizing Our Standard Counters

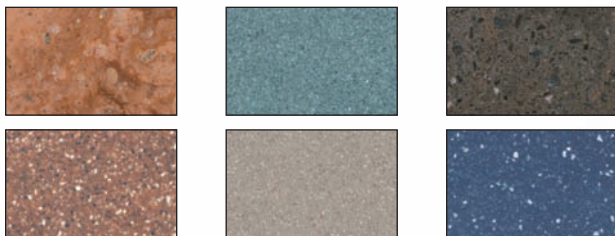

Corian, solid surfaces and high-end laminates can add another dimension to your servery.

Customizing Options

Top It Off Right

- Choose from a full range of Corian options to upgrade your counter tops

- Upgrade with high-end laminate options to provide the appearance of stone or wood veneers

TEMP-ENSURE™

COMBINATION WIRELESS SENSOR & HOT WELL CONTROLLER

- > Monitors food temperature 1" down in the center of the pan
- > Sensor is encased in a plastic decorative garnish
- > Continuous read-out ensures proper holding temperatures
- > Hot well controller displays hot well temperature, food temperature and countdown timer
- > Food temperature display is visible to all employees – chef, manager, servers – to help maintain food safety
- > Built-in timer ensures food quality
- > Consult factory regarding availability

MULTITERIA HAS A SERIES JUST FOR YOU

X-STREAMLINE™ Interaction Stations

Our basic modular series is designed for schools; combining colorful interactive, removable counter fronts making remodeling easy and affordable. This product line comes in six standard sizes. The X-Streamline Series utilizes the highest quality components while providing a superb value.

Essence™ Innovative & Inspired Food Stations

Our standard product line offers the most options in the industry and fits within any size budget. The durable stainless steel frame is reusable. The body panels, counter tops, drop-ins and food protectors are interchangeable or replaceable making renovations a snap.

Bravura™ CREATING A BOLD PRESENTATION

A fusion of modular design with custom touches. Designed with an upscale appearance in order to maximize participation and increase revenues. Bravura creates a retail environment or food court atmosphere. Whether it is a Marche-service or an open market atmosphere, Bravura optimizes functionality.

Meritage™ Seeing is Believing...

Elegant serving stations designed with unique wood finishes, solid surface or stone tops and European style food protectors. Meritage is designed for country clubs, hotels, casinos, caterers and fine dining establishments offering a touch of class and sophistication.
